The Trustees of the Frankford
Presbyterian Church, beg leave
to represent to a generous publick

That since the installment
of the Rev. John W Doak as
Pastor of this Church, the con-
gregation has so much increased
as to render it necessary, that
an addition of thirty five feet
in length, be made to the
Church building, the dimensions
of which are at present only
thirty feet in length, by forty
in breadth —

That numbers in the Vicinity

of Frankford who have never
been regular members of any
Christian Society, seem now
disposed to attend on publick
worship and express their desire
to hear the Gospel, by waiting
patiently round the walls of
our Church, when within there
is not room for their accommoda-
tion.

That new applications for
Pews are made almost every week,
but we have it not in our
power to gratify the Applicants

This being our situation
we have agreed to make one
vigorous effort to enlarge the
Church as soon as it may be.

practicable - But what can we
do? We are destitute of funds
We are involved in debt -

Christian bretheren & fellow
citizens! urged by necessity
after having implored the blessing
of Heaven to prosper our
exertions, we now look to
you for assistance - We ear-
nestly solicit benefactions
from the pious and benevolent
from you who love the
King of Lion and wish
well to immortal souls -
to assist us in promoting
so desiraeable an object
