# Parting Hand

1) My Christian friends in bonds of love (whose hearts
Your friendships like a drawing band in sweetest
Yet we must take the parting hand union join
2) Your company's sweet your union dear
Your voice delightful to my ear
Yet when I see that we must part
You draw like cords around my heart
3) How sweet the hours have passed away
Since we have met to sing and pray
How loath we are to leave the place
Where Jesus shows his smiling face
4) I could I stay with friends so kind
How would it cheer my drooping mind
But duty makes me understand
That we must take the parting hand
5) And since it is God's holy will
We must be parted for a while
In sweet submission all as one
We'll say our Father's will be done

6) My youthfull friends in Christian ties
Who seek for mansions in the skies
Fight on we'll gain that happy shore
Where parting will be known no more

7) How oft I've seen your flowing tears
And heard you tell your hopes and fears
Your hearts with love when seen to flame
Which makes me hope we'll meet again

8) Ye mourning souls lift up your eyes
To glorious mansions in the skyes
Trust his grace in Canaan's land
We'll no more take the parting hand

9) And now my friends both old and young
I hope in Christ you'll still go on
And if on earth we meet no more
O may we meet on Canaans shore

10) I hope you'll all remember me
If you on earth no more I see
An interest in your prayers I crave
That we may meet beyond the grave

1) O glorious day ! O blessed hope
My soul leaps forward at the thought
When on that happy happy lake
We'll no more take the parting hand

2) But with our blessed holy Lord
We'll shout and sing with one accord
And there we'll all with Jesus dwell
So loving Christians fare you well

## Scarlet Red

To 1 lb of yarn 1¼ oz of cochineal ½ oz of cream of tartar 2 oz of solution of tin, take rain water enough to wet the yarn then add the cochineal and when it comes to a boil put in the solution of tin and cream of tarter then put in the yarn

## Jack Dye

Take ¼ lbs of Muriatic acid to 1 lb of tin. Smelt the tin first and hold it over a bucket of water and pour it into it. Then take 1 lb of Jack Dye to 4 or 6 lb yarn, and after bringing your Kettle to a boil put the Jack into it then put a small portion of the liquid in with the yarn

Potter

## Green

To 1 lb yarn 1 lb of Justic. Boil the Justic in rain water put the yarn in alum water half an hour then drain your yarn then boil it in the Justic Dye and this will make a beautifull yellow, then add Solution of indigo for to turn it Green the deeper you want it the More Indigo boil it over a slow fire

## Orange

To 3 lb of yarn 1/2 oz cochineal 1/2 oz of cream of tarter 3 lb Justic and 4 oz of Solution of tin boil the Justic in rain water. then add the cochineal. Solution of tin. and cream of tarter

## Pink

To 1 lb of yarn take 1/2 oz of cochineal 1/2 oz of cream of tarter Alum the Yarn first dye it prepare of both of half of the above ingredient in which boil the yarn 15 min take it out let it cool prepare second of the remainns

## Madder Red

Scald the bran in rain water To 1 lb of yarn take ½ lb of Madder Soaked in rain water. take as much bran water as will cover the yarn put it in a copper kettle then put in your Madder and yarn put it on a slow fire work it with your hand till it gets too hot then lift it off ½ an hour then put it on again and keep stirring it

## London Brown

Fill the kettle with rain water bring it to a boil to 3 lb of yarn take 2½ lb Camwood boil the camwood about half an hour put in the yarn about an hour well handled then take out the yarn add ½ of a Gill of Vitriol then stir it well after that put in the yarn again about fifteen minutes. take out the yarn and add a small quantity of Copperas the darker the more Copperas

Orange } To 3 lb of Yarn take 2 oz cream of tartar
2 oz cochineal 4 oz Solution of tin 2½ lb Fustic
Boil thoroughly into the Yellow liquor put the
above ingredient = in the order the stand treat
as the Scarlet

Red } Alum the Yarn Dye it a pale Yellow Then
take 1 lb Brecil wood to each 1 lb of Yarn and
treat the same as in other Colours

Crimson } Dye the Yarn red as in the preceding
when it has received a good color take it out
of the bath and add a sufficient quantity of
strong lye or pearl ash give the Yarn a second
dip leaving it over the fire a short time

Black } To 5 lb Yarn take 2 lb Logwood 1⅓ ver=
=degris ½ 3 alum ½ 3 copperas Boil the Yarn
slowly with the Logwood one hour take some of
the liquor & mix the other ingredients and pour
it into the first bath in this boil your Yarn
another hour let it dry before rinsed then
boil it slowly in soap suds with a lye
added to it

cream tarter and handful of wheat bran — Boil
the Yarn one hour in it take it out and rense it
well then put it into fresh water 8 ℥ of good
madder to be put in when it is nearly boiling
Boil it about ¾ of an hour it will be finished

Solution of Indigo } take 1 ℥ of indigo to 4 ℥
oil vitriol powder the indigo Before you add oil
vitriol it should stand about 2 weeks well shaken
Before it is fit for use

In colouring the Scarlet & Orange it be injurious
to use any but a tin vessel a new one would be
better the practice is not to put it immedi-
ately over the fire But put into a larger one
& surround it with water it will be necessary
to colour the Yellow, Green and Orange
first as the Yellow chips boiled over will
do for the light Yellow required in the
Stone colour; if these be not used it will
require ½ lb of Fustic to 1 lb Yarn

# The Babe of Bethlehem

I will tell all of you Good news that brings Salvation
And God upon His glorious throne, is pleased with the creation
As Isaiah came before the time of Christ the great Messiah
So was foretold by prophets old Daniel Jeremiah

To Abraham the promise came & to his seed forever
A light to shine in Isaac's line by scripture we discover
That promised morn the Saviour born the glorious (mediator)
God Highness veiled mid flesh and blood assumed (human nature) the
He passed poor in earthly store, to entertain the stranger
He found no bed to lay His head but on the hay manger
No royal things as used by kings were seen by those (His) who found
Him
But in the hay the stranger lay with swadling bands around

To live in darkness – in despair to die
Is this indeed the boon to mortals given
Is there no pity – no love of relative might
There is to those who sigh for more than hope in heaven
Turn then O man and call all else a sin
Direct thy wandering thoughts to things divine
Low at the cross bow down in that I confide
Till doubt be lost in faith and life seem in the
